EXPERIENCE

Project Engineer

2022 - Now

Wipro, Gurgaon, India

Java Developer at Wipro – Over 1.5 years of experience in developing applications using Java and J2EE technologies. Responsible for the complete SDLC process, including design, development, and implementation. Utilized various technologies such as Spring, Spring Boot, Microservices, MySQL, RESTful API's to develop robust web applications.

- Developed web-based applications using Java/J2EE technologies.
- Collaborated with cross-functional teams to deliver high-quality software solutions.
- Implemented OOPS concepts for application design using Java.
- Developed applications using Spring, Spring Boot & Hibernate ORM.
- Designed and developed web services using RESTful API's.
- Performed unit testing of all the modules developed.
- Developed stored procedures using SQL.

INTERNSHIPS

Flutter Intern

2022 - 2022

Decimal Technologies, Gurgaon, India

During my 2-month internship (02-2022 - 04-2022) at Decimal Technologies, I gained valuable experience as a Flutter developer. I contributed to mobile app development projects, honed my coding skills, and collaborated with a dynamic team. This experience enhanced my proficiency in app development and teamwork.

Java Trainee

2021 - 2021

AllSoft Solutions, Mohali, India

Java Trainee at AllSoft Solutions (06-2021 - 07-2021): I worked as a Java Trainee for AllSoft Solutions for one month. During this short period of time, I gained valuable experience and knowledge in Java and was able to apply my understanding to develop applications.

Python Trainee

2020 - 2020

AllSoft Solutions, Mohali, India

During my 6-week internship (05-2020 - 06-2020) at AllSoft Solutions, I excelled as a Python developer by creating a project named 'Broken Links Finder.' This tool efficiently identifies and reports broken links on websites, showcasing my coding prowess and problem-solving abilities. I gained practical experience in web development and enhanced my Python skills.
